

**Bio for Dr Tim Pratt**

Tim Pratt is a Professor in the Bradley Department of Electrical and Computer Engineering at Virginia Tech, in Blacksburg, Virginia. He is the joint author with Charles Bostian of “Satellite Communications”, published by Wiley in 1986, a textbook that has been widely used by schools and practicing engineers. His research interests are in the areas of satellite communication systems, position location, and communications systems for general aviation.

Dr Pratt obtained his degrees in Electrical Engineering from the University of Birmingham, UK, and came to Virginia Tech in 1981. In his spare time he enjoys flying airplanes and raising warmblood horses.
