TERMS AND DEFINITIONS.....	vii
ABSTRACT.....	1
1. INTRODUCTION AND OVERVIEW	1
2. COMMON APPLICATIONS	2
2.1 Digital Cameras	2
2.2 Video Transmission Systems.....	3
3. ESTIMATING COLOR CORRECTION.....	3
3.1 Least-squares Solution for Color Correction Matrix	3
3.2 Robust Least-squares Algorithm for Color Correction Matrix.....	5
3.3 Non-linear Monotonic Transfer Function.....	6
3.4 Color Space Considerations.....	6
4. APPLYING THE COLOR CORRECTION ALGORITHM.....	7
4.1 Digital Cameras	7
4.2 Video Transmission Systems.....	14
5. CONCLUSIONS	16
6. REFERENCES.....	17
APPENDIX: MATLAB CODE	19

FIGURES
