

# Driving directions from the Portland Airport to Jones Farm Campus

Take airport road to I-205, and get on I-205 southbound. Follow I-205 until you hit I-84 West (the interchange for 84 West is about one mile after 84 East), following the signs for Portland. Take I-84 into the city; it will run into I-5. Take I-5 South, following the signs for Salem, and you will find yourself paralleling the Willamette River. Downtown Portland will be on your right. As you cross over the Willamette River, get into the left-most lane and take the exit for I-405 North, following the signs for Beaverton. Last, look for the exit for US 26 West (exit 1D), which will come up on your right.

Take US 26 (the Sunset Highway) west, away from downtown Portland, past 217 and Beaverton, and get off at the City Center/Helvetia Road exit. At the top of the exit ramp, there will a stop light; turn left. At this point, you will be traveling south along Helvetia (Shute) Road. At the next stop light, Evergreen Road, turn right. Take Evergreen for a mile or so until you reach the second light, at the corner of Evergreen and NW 25th Avenue. You will pass the Portland-Hillsboro Airport on your left.

Turn left onto 25th Avenue. The Jones Farm campus will be on your right. Turn right into the main entrance of Intel (first turn on your right) and the first building on your left will be JF3.

**Intel Jones Farm**  
**2111 NE 25<sup>th</sup> Ave**  
**JF4 Building**  
**Hillsboro OR**
